THE EDITOR'S CHAIR.

HOW THINGS LOOK FROM
OUR STAND POINT.

The Opinion of The Caucasian and
the Opinion of others which we
Can Endorse on the Various
Topics of the Day.

The case against Justice Fields
as an accessory in the killing of
Judge Terry by Deputy Marshal
Nagle in California has properly
been withdrawn. In fact, we
do not think he should ever
have been forced to suffer the
indignity of arrest.

J. L. Stewart, of Clinton, has
been mentioned for the Presi-
dency of the Agricultural College.
A correspondent of the News
and Observer says: J. L. Stewart,
of Clinton, fills all the require-
ments for the position in an em-
inent degree. He is the fullest
and best rounded man we know
of, and our acquaintance with
the public men of the State is
by no means limited. We ap-
prove the suggestion. With Mr.
Stewart at its head the Agricul-
tural College would at once
command the confidence and
patronage of our people.—New
Bern Journal.

The Brooklyn and Cincinnati
base ball clubs played a match
game on Sunday at Hamilton,
Ohio, and were promptly arrest-
ed for Sabbath breaking. The
city authorities are to be com-
mended on taking such steps.
Sabbath breaking is coming to
be considered of too little con-
sequence by many and the hands
of the law should be laid upon
those who persist in practicing
it openly and defiantly and a
deserved punishment adminis-
tered. Such is worse than prize
fighting and those who partici-
pate in it deserve a severer pun-
ishment than Sullivan and Kil-
rain. When such scenes are al-
lowed to often occur the youth
of our country will begin to re-
gard them lightly and finally
may drift into total disregard of
the one day that we are com-
manded to "remember to keep
it holy."

In this issue appears a call
for a great Farmers' Mass-Meet-
ing in October, during the week
set apart for the State Fair. It
is signed by the highest officials
of the great agricultural organ-
izations of the State. It will
embrace those out of the pale of
such organizations, as well as
those in them, and will exclude
no honest tiller of the soil. The
great branches of farming and
domestic economy will be rep-
resented by distinguished, suc-
cessful specialists. They will
present the questions of which
they are masters to the people,
and it will be such a course of
lectures on the greatest of all
subjects, as few men will ever
have opportunity of listening to.
It will be an occasion that will
secure North Carolina the Chat-
aqua of the Farmers.

On last Friday Dr. Eugene
Grissom resigned as Superinten-
dent of the Insane Asylum. On
Sunday following he published a
card explaining, as he said, why
he resigned, but his card is rather
an unmeasured denunciation
of John W. Thompson and his
"conspirators," the State papers
and Governor Fowle. He refers
to the prosecutors as "wretched
ingrates" and "venal corruption-
ists;" to the persons who took
part in the numerous indigna-
tion meetings, as "semi-political
abettors" and "family connec-
tions" to the above, and as "pat-
ronage seekers" and "ignorant
and misled" people generally; to
the 77 papers that opposed
him, as "an ignorant and prejud-
iced press;" to Gov. Fowle as
"an executive who is regardless
of law, decency or justice."

Dr. Grissom's friends claim
that he is wise and cautious; if
so, his card is unworthy of his
intelligence. He lost legions
of friends, refusing to resign
when the people called upon
him to do so, and the card he
has just published is not one
to bring him new friends or to
reclaim any of the lost ones.

VOL. VII.

FRUIT FAIR.

The annual State Fruit Fair
which was held in Winston last
week was a decided success as
to both the exhibit and the
receipts. Our friend and class
mate, Mr. A. H. Eller a rising
young attorney of Winston ac-
quitted himself handsomely in
delivering the opening address.
A correspondent of the News
and Observer says:—

There is quite a large display
of canned goods in tin, put up
by firm and individuals who
have recently begun the can-
ning business in this State.
These new industries are all by
native men, and it is a great
pleasure to see that their goods
in quality and appearance are
equal to any Northern goods.
They have learned that atten-
tion must be paid to appearance
and finish and they are all suc-
ceeding well. One gentleman
who has a very fine display in
this line told me that the can-
ning business in this State
would yield as much profit to
the investment as any business
he had ever known. It is grati-
fying to know that this busi-
ness is growing very rapidly in
our State.

There should be a canning
factory here in Clinton by all
means. Thousands of dollars
worth of fruit will rot and be
wasted in this county alone this
year because there is no avail-
able market for it. The house-
wives are doing all they can
though to save it by canning in
jars. There is one firm in this
town that has sold over 100
dozen fruit jars this season.
This amount of fruit would
more than supply a large
factory.

DR. ROBERTS AS SUPERINTENDENT
OF THE N. C. INSANE ASYLUM.

(Special Cor. Caucasian.)
WASAW, N. C.,
Aug. 26, 1889.

MR. EDITOR: In your last is-
sue you mention the fact that
Dr. J. D. Roberts, of Durham, is
an applicant for the position of
Superintendent of the North
Carolina Insane Asylum, made
vacant by the resignation of
Dr. Grissom.
Having known Dr. Roberts
ever since his early manhood, it
affords me pleasure to bear tes-
timony to his entire fitness for
the place. He is a gentleman
of character, ability and culture;
and would bring to the office six
years of experience acquired in
the superintendency of the Asy-
lum at Goldsboro, which posi-
tion he filled to his own credit
and the advantage of the State.
In the prime of life, of sound
body and exemplary habits, he
would devote himself to the
work with a zeal and energy
that would redound to the wel-
fare of the unfortunate insane
committed to his care. He has
demonstrated that he knows
how to treat insanity and run
an asylum economically. That
is the best proof of his quali-
fications for the position, and I
trust it will have due weight
with the Board.

VIRGINIA PLATFORM.

The twelfth resolution of
the Virginia Democratic Plat-
form, on which McKinney was
nominated for Governor, has
the true ring:

12th.—While earnestly in favor
of reforming the tariff upon just,
conservative and economic prin-
ciples, we recognize that the issues and
conditions, which confront us in Vir-
ginia in the impending contest are of
immeasurably more importance than
tariff reform or a reduction of Federal
taxation, important as those
questions are. Every business inter-
est of the State, every social inter-
est, every political interest, demands
that the Democratic party, the party
of the people; the party of peace,
good order and good government,
which has safely and wisely con-
ducted the government of the State
through trying and troublesome
times in the past, shall be continued
in power. We oppose the Republican
party as a party of boss rule; as a
party of sectional strife; as a party
of high taxes, of corrupt and extrava-
gant expenditure of public revenues,
of unjust and oppressive treatment
of the people of the Southern States;
of the creator of trusts, the promoter
of monopolies. We oppose the Re-
publican party as a stirrer up of strife
between the races; as a false friend
of the colored race and an enemy
of the white race, and we confidently
submit the claims, principles and
candidates which we present to the
judgment of an enlightened and patri-
otic people.

The Wide-Awake and Chris-
tian Union are conducting a cru-
sade against the kissing habit.
As the remarks of these period-
icals have reference to the kiss-
ing of women by one another,
there is not a man in this coun-
try who will object.

CUMBERLAND NEWS.

NINETY-SIXTH ANNIVER-
SARY OF THE F. L. I.—
CAPT. J. B. BROADFOOT
APPOINTED A DIREC-
TOR OF THE N. C. IN-
SANE ASYLUM.

Dr. W. C. McDuffie for Superinten-
dent of the N. C. Insane Asylum.

(Reg. Cor. Caucasian.)
FAYETTEVILLE, N. C.,
Aug. 26th, 1889.

The 96th anniversary of the
Fayetteville Independent Light
Infantry took place last Friday,
the 23rd. The company assem-
bled at the armory at 2:30
o'clock and elected officers as
follows: Major, John A. Mc-
Laughlin; First Captain, John
B. Broadfoot; Second Captain,
John C. Vann; Third Captain, J.
C. Huske, Jr.; Fourth Captain,
C. H. McLaughlin. The non-
commissioned officers will be
elected to-night. Maj. W. F.
Campbell, the retiring comman-
der, held his position five years,
and resigned to again take rank
among the privates. The target
practice was had at Robinson's
Spring, one mile from the city.
The corps then marched down
town, and in front of the hotel
LaFayette the prizes were de-
livered by Mr. N. A. Sinclair,
in a short but tasteful address.
The winners were, first prize,
Capt. J. C. Vann, second, D. A.
McMillan; third, E. L. Pender-
gast. The Veteran's Prize to that
distinguished physician, Dr. W. C.
McDuffie, who always excels.
The banquet took place in the
beautiful dining halls of the
LaFayette. Brigadier-General
Anthony was present as a guest
of the company, and soldiers
and citizens vied with each other
in paying him attention. The
usual flow of oratory was indulg-
ed in.

Col. W. S. Cook and Dr. J. A.
Hodges of the second regiment
were also guests of the company,
besides many friends. Before
the Centennial Anniversary
of the company they expect to
be in a \$20,000 armory, having
already purchased a choice site
on Hay street to build on.
Ground has been broken for
the new passenger depot of the
C. & F. V. Railway Company,
on Franklin street.

The Y. M. C. A. has just put
up an illuminated sign in front
of the building. The rooms are
attractive, and every night many
young men are there, who other-
wise would probably be in worse
places.
Rev. R. S. Warwick, of this
city has been elected Principal
of the Walnut Cove High School.
His health prevents him from
regular pastoral work.
The first bolls of new cotton
are coming in. Not a great many
however have made their ap-
pearance.
Some of the merchants here
have the pine straw bagging for
sale. It looks all right, and we
would be rejoiced to see it used
extensively if it will do.

Capt. John B. Broadfoot has
been appointed a Director of the
North Carolina Insane Asylum
by Gov. Fowle. It is a capital
appointment.
The Carolina Club is one of
the best institutions in this city.
Its object is recreation and
amusement for its members. It
is incorporated and is governed
by a president and board of di-
rectors. The Club now has
something over fifty members,
composed of the leading men of
all ages in this city. Its rooms
are handsomely furnished. The
parlor has the leading maga-
zines and daily papers on the
tables, and different games. Two
billiard tables and a pool table
give good physical exercise. No
betting of any kind or profane
language are allowed, and it is
strictly moral in every way. It is
governed by christian gentle-
men and has been endorsed by
ministers of the gospel. Only
members and the ladies of their
families and visitors are given
entrance. Every town ought to
have some such place.
Col. W. J. Green, who went to
Montgomery, Alabama, to at-
tend the Inter-State Farmers'
Association, goes from there to
Beauvoir, Miss., on a visit to ex-
President Jefferson Davis, who
gave him a pressing invitation.
Mr. George A. Overbaugh is
spending his vacation at Saratoga
and in the Catskill moun-
tains.

Dr. H. W. Lilly is taking his
summer vacation on a trip to
several New England resorts.
Eighteen or twenty prisoners
are confined in the jail here on
various charges, who will have
to remain there until next No-
vember for trial, at a large ex-
pense to the county. Our court
facilities are not good. There

is no economy in it. We have
only four terms a year, consum-
ing seven weeks. There ought
to be six terms.
Prof. B. C. Melver, the super-
intendent elect of the Graded
School, was here last week. We
were glad to meet him, and to
see the deep interest he takes in
education. The school opens on
the 16th of September.
Mr. and Mrs. J. C. Thomson
and their daughter Mrs. M. J.
Thompson are spending the
summer in their mountain home
at Blowing Rock.
A great many people through-
out the State look upon Dr. W.
C. McDuffie, of this city, as
the man to succeed Dr. Grissom,
as superintendent of the Insane
Asylum. Dr. McDuffie is an ex-
President of the North Carolina
Medical Society, and is one of
the most highly cultured and
bravely physicians in the State.
He has a reputation, superior to
most any, for the treatment of
insanity. Here in his own home
he is loved for his kindly and
sympathetic nature, his genial
manner and towering intellect,
and well-known ability as a phy-
sician. His election would in-
crease the best and most humane
treatment for the afflicted and
reflect honor and fame upon our
State.

THE VOTERS WHO DO NOT VOTE.

The ultra radicals propose to
make some new laws aimed
particularly at the South. The
chief of these is a law provid-
ing for holding the elections for
members of Congress which
under the federal Constitution
Congress has a right to do. The
ground of this proposed action
is that the vote at the South is
a light vote. In North Carolina
the total vote in 1888 was 84
per cent of the total voting popu-
lation, there being but five
States where the vote was
heavier. In New England the
voting was according to the
following table:

OUR FARMERS' COLUMN.

SOMETHING INTERESTING
TO THOSE WHO TILL
THE SOIL.

"There is no material progress that is well
based and permanent without agricultural
progress."

So many agricultural pa-
pers are published and articles
written by men, who have little
or no practical experience as
farmers, that information and
suggestions through such medi-
ums have fallen into disrepute,
and does but little good. In
view of this fact, we wish to get
the views and tested plans of
practical farmers for this column
each week. So farmers, send in
an account of your success in
any branch of Agriculture, for
the benefit of the fraternity.

Nearly every farmer we see
expresses his intention to use
less guano and to plant less cot-
ton next year. This is a reform
in the right direction, for we
are thoroughly convinced that
our farmers cannot raise cotton
at so without being thrown in
debt.
If corn could be bought at 25c
per bushel and meat at 3c per
pound, still no farmer could
afford to buy it even at that
price with cotton money. The
only salvation for our farmers
is to raise their own home sup-
plies first and then some extra
to sell to their less provident
neighbors.

One of the best farms in this
county belongs to Rep. Wm. E.
Stevens of North Clinton town-
ship. This year he has saved
twenty-five stacks of fodder;
will harvest two hundred and
fifty barrels of corn and make
about ten thousands pounds of
pork; will make about thirty
bales of cotton, but he makes
his home supplies, and some to
supply his neighbors before
planting any cotton. He raises
a great deal of stock, therefore
makes a large quantity of home-
made fertilizers by stabling
every horse, cow, etc., during
the winter. This stock is kept
in good order at very little
expense by rye sown in the fall
on the very land that is in cul-
tivation this year. This furnish-
es a pasture without any injury
to the land, to the stock for all
next year. To supplement his
fodder crop he sows corn in the
spring and cultivates till middle
of June then it is cut, making a
fine tender, sweet fodder. There-
fore he never buys hay or fodder.
Peas are planted on the same
land immediately after cutting.

States	Males voting	Total of vote in 1888.
Connecticut	200,000	153,978
Maine	210,000	128,250
Massachusetts	567,959	344,448
N. Hampshire	125,000	90,819
Rhode Island	90,000	40,775
Vermont	105,000	63,475
Totals	1,297,969	821,745

From the above figures it ap-
pears New England should be
called in to explain why she
casts less than two thirds of
her vote. Why is it that out of
three voters of New England
only two go to the polls?
Senator Chandler, one of the
New England Senators, is credit-
ed with being the proposer of
the anticipated measure to
bring federal elections under
federal control, and these figures
will be interesting reading when
he is to be met in debate on the
floor of the Senate.—E. Peekam,
M. D.

CENTENNIAL CATALOGUE OF
THE UNIVERSITY OF N. C.

This is considerably more
than an ordinary catalogue. In
addition to the lists of names of
officers and students, 1789-1889,
it contains an interesting and
valuable historical sketch, cov-
ering 63 pages, by President
Battle, with 11 full page plates.
The catalogue proper gives very
concisely the leading facts in
the life of each student, gradu-
ate and non-graduate, so far as
these facts could be ascertained
by the compiler, Mrs. C. P.
Spencer, who has done her work
with rare skill.
It is an array of famous names,
such as few institutions in the
United States can produce,—
names of men who have brought
fame to North Carolina and the
whole country, as well as to
their Alma Mater at Chapel Hill.
The catalogue is really a good
sized book of 260 pages, and is
by far the handsomest publica-
tion of the kind that we have
seen.

The Bursar of the University,
Major W. T. Patterson, will for-
ward a copy on receipt of fifty
cents.

THE MEANEST MAN IN CREA-
TION.

We have heard of many mean
men. There is the man who
used a wart on his neck for a
collar button, the one who pas-
tured a goat on his grand-
mother's grave, the one who got
rich by giving his five children
a nickel to go to bed without
supper and then stealing the
nickle after the children were
asleep; but for pure, down right
meanness the man who will
take a paper for a year, mark
it "refused," and then stick it
back into the postoffice, is en-
titled to the first premium.

THE ALLIANCE WILL NOT
USE JUTE BAGGING—
TEACHERS' INSTITUTE
CLOSES.

Other interesting News.
(Reg. Cor. THE CAUCASIAN.)
KENANSVILLE, N. C.,
August 26, 1889.

The Ladies' Missionary Socie-
ty gave a lawn party at the re-
sidence of Miss Annie Kenan on
the evening of the 21st. The
refreshments served were very
nice indeed, and all who attend-
ed enjoyed the party. They had
not only spent a pleasant
evening, but had also contribu-
ted some means of support to a
very worthy cause. The net
proceeds amounted to about \$10,
and was for foreign missions.

The State Institute for this
county convened Monday, Aug.
19th, Prof Noble conducted the
Institute. There was a full at-
tendance, being about sixty-five
teachers present. Prof. Noble,
besides gaining the people's con-
fidence in his ability as a
teacher, won, by his ease, wit
and humor, the regards of the
ladies, several of whom he heard
whisper, "I wonder if he is mar-
ried?" After the Institute closed
on Friday afternoon, the old
"Duplin County Teachers' Coun-
cil" was reorganized and a meet-
ing ordered for the 1st Saturday
in November next. The teach-
ers of the county are all request-
ed to be present at this meet-
ing.

FARMERS' MASS-MEETING.

N. C. STATE AG. SOCIETY,
RALEIGH, N. C., Aug. 27, 1889.

In view of the fact that the
rates of transportation are the
lowest that can be obtained and
therefore puts it in the power
of the large number of our
farmers, especially those at a
distance, to come together for
conference and discussion, and
of a further fact that a great
deal of interest in the way of
display of stock and farm pro-
ducts will instruct and benefit
them; and the further fact that
excursions will be run from
Northern cities to Raleigh dur-
ing that week, when an oppor-
tunity will be given to owners
of land to meet those who are
desirous of inspecting them, it
is deemed advisable and of ad-
vantage to call a grand mass-
meeting of the farmers of the
State in the city of Raleigh, Oc-
tober 15th, and the subscribed
committee have consented to
act as a board of management;
S. B. Alexander, President State
Alliance; Elias Carr, President
State Agricultural Clubs; L. L.
Polk, Pres. Inter-State Farmers'
Association and Secretary Farm-
ers' Alliance; J. Van Lindley,
President State Horticultural
Society; John Robinson, Com-
missioner of Agriculture; H. I. J.
Ludwig, Secretary State Grange;
J. E. Lineback, Secretary State
Horticultural Society.

Distinguished speakers from
other States, and from this State,
will deliver addresses on special
subjects. The occasion will be
made one long to be remembered,
and it will be the endeavor
to make it create in the farmers
a new and firmer spirit, the re-
sults of which will be of lasting
practical value.

UNCERTAINTY OF "ELEC-
TROCUCTION."

The prophetic utterance of
Prof Brackett, of Princeton
College in his address to the
Electrical Club of New York last
fall: "Notwithstanding the
fact in New York it is the law
that all persons convicted of
offenses that are punishable by
death are hereafter to be execu-
ted by electricity, my belief is
that never a single man will die,
except by accident, by that
method," seems likely to be ver-
ified. All the electricians of
New York are now asking to
have the new execution law de-
clared unconstitutional. The
legality of the sentence passed
upon the murderer William
Kemmler, who was to have been
the first executed by electricity,
has been disputed on the ground
that the punishment is cruel.
Evidence will be taken before a
referee, and persons interested
in electricity are now eagerly
awaiting the result of the case
and the evidence taken.—De-
morest's Magazine.

We understand that the vari-
ous oil mills are offering a fair
exchange of cotton seed meal
for the seed. The estimate from
one mill which we have seen is
that a ton of seed (2,000 pounds)
will make 325 pounds of oil,
675 pounds of meal and 1,000
pounds of hull. The oil is worth
nothing, and the hull compara-
tively nothing, for fertilizer, so
when a ton of seed is put into
the ground it is worth only as
much as 675 pounds of meal,
and not that much if any of
the seed sprout. Now these
mills offer 1,000 of meal in ex-
change for a ton of seed and will
pay the freight both ways. The
companies are able to do this on
account of the value of the oil
while the farmer gets 375 pounds
of meal more than his seed are
worth as a fertilizer. This is
an advantage to both the oil
men and the farmer, besides if
the seed are put into the ground
before being crushed the oil in
them is so much lost and wasted
capital to the country.

The Wilmington Star says:—
"We like to see the farmer pro-
sperous and happy. We like to
hear him singing in the early
morn as he drives his team
afeld. We like to see his
ploughs running abreast, and
the scythes gleaming in the
sunshine, and the wagons groan-
ing under the loads and the
housewife clean and cheer-
ful and bright as spring morn-
ing. We like to see the well
filled purse after the year's toil,

and contentment and hope on
every face. We like to see the
farmers independent and jound
because independent."

A correspondent of the Na-
tional Economist has this to
say: Among the grasses and
forage plants which may be most
highly recommended is
orchard grass for any locality
where on trial it may be found
to do well. It is especially
adapted to withstand drought,
and hence will doubtless prove
valuable to localities further to
the South than any other speci-
es of equal value.

The statement is made that
the wheat harvest of Kansas
this year is the largest ever
gathered in that State. We care
but little how cheap it is, the
farmer who raises his own is by
far the best off. We hope but
little of the Western article
will be brought to North Caro-
lina.

FARMERS' MASS-MEETING.

and not that much if any of
the seed sprout. Now these
mills offer 1,000 of meal in ex-
change for a ton of seed and will
pay the freight both ways. The
companies are able to do this on
account of the value of the oil
while the farmer gets 375 pounds
of meal more than his seed are
worth as a fertilizer. This is
an advantage to both the oil
men and the farmer, besides if
the seed are put into the ground
before being crushed the oil in
them is so much lost and wasted
capital to the country.

The Wilmington Star says:—
"We like to see the farmer pro-
sperous and happy. We like to
hear him singing in the early
morn as he drives his team
afeld. We like to see his
ploughs running abreast, and
the scythes gleaming in the
sunshine, and the wagons groan-
ing under the loads and the
housewife clean and cheer-
ful and bright as spring morn-
ing. We like to see the well
filled purse after the year's toil,

DON'T SWEAR.

Do not swear. There is no
occasion to swear outside of a
printing-office. It is useful in
getting forms to press, and
has also been known to assist
in looking over the paper after it
is printed—but otherwise it is a
very disgusting habit.—Wilson
Mirror.

When we think of paper mis-
carried and telegrams terribly
perverted, in addition to Bro.
Blount's specifications above, we
are inclined to think that news-
paper men ought to have a spe-
cial dispensation to swear a lit-
tle, even outside of the office.—
En.

He's certain to fit
Demand as it rises,
Who has the grit,
And then advertises.

DUPLIN NEWS.

THE ALLIANCE WILL NOT
USE JUTE BAGGING—
TEACHERS' INSTITUTE
CLOSES.

Other interesting News.
(Reg. Cor. THE CAUCASIAN.)
KENANSVILLE, N. C.,
August 26, 1889.

The Ladies' Missionary Socie-
ty gave a lawn party at the re-
sidence of Miss Annie Kenan on
the evening of the 21st. The
refreshments served were very
nice indeed, and all who attend-
ed enjoyed the party. They had
not only spent a pleasant
evening, but had also contribu-
ted some means of support to a
very worthy cause. The net
proceeds amounted to about \$10,
and was for foreign missions.

The State Institute for this
county convened Monday, Aug.
19th, Prof Noble conducted the
Institute. There was a full at-
tendance, being about sixty-five
teachers present. Prof. Noble,
besides gaining the people's con-
fidence in his ability as a
teacher, won, by his ease, wit
and humor, the regards of the
ladies, several of whom he heard
whisper, "I wonder if he is mar-
ried?" After the Institute closed
on Friday afternoon, the old
"Duplin County Teachers' Coun-
cil" was reorganized and a meet-
ing ordered for the 1st Saturday
in November next. The teach-
ers of the county are all request-
ed to be present at this meet-
ing.

Last week some of our ladies
were so kind as to take upon
themselves the task of solicit-
ing subscriptions for the im-
provement of the Rutledge
Grave-Yard and in a few days
time succeeded in getting sub-
scriptions amounting to about
\$50. The contract for the work
was at once awarded to Mr.
Brown Williams, who will push
the work rapidly forward. The
grave-yard has been sadly in
need of the improvement for a
long time and the ladies deserve
much credit for their energy.
We saw some one coming from
the photographer's "shop" the
other day complaining because
"his" picture was not pretty.
How the Deuce can "heh" ex-
pect a man to make a pretty
picture from a homely face.

LOCALS.

Sampson must have a fair.

We regret to learn that the condition of Mr. J. F. Cox, who is confined at his home in Newmarket, with typhoid fever, is very critical.

A Sampson Fair! We must have it this fall. Next Monday decides the matter. Let every live member of the Agricultural Association attend.

Mr. Clifton Ward, was appointed postmaster at Clinton sometime since, has just forwarded his bond to the postoffice department. He will probably take charge next Monday.

The Fourth Quarterly Conference of the M. E. church will be held at Pugh's school house on Saturday and Sunday the 14th and 15th of Sept. Rev. F. D. Swindell, P. E. of Wilmington will preside.

We are requested, by Superintendent Royal, to say that at the meeting of the County Board of Education, next Monday, School Commissioners will be appointed to fill all vacancies in the various districts.

Sampson was once famous for its fairs. It has now many superior advantages to what it had then. Besides the citizens have also offered substantial aid by subscribing over \$200 for a fair this fall. Let us have it. It can be made a big success.

Rev. C. P. Jerome has shown an apple of the Buckingham variety which measures 13 inches in circumference. It was grown in the orchard at the Methodist parsonage and is, we think, as large an apple as we ever saw.

Our young friend, W. S. Partrick, formerly of the millinery establishment of Moore and Partrick, has bought the millinery stand of Mr. W. A. Johnson and will hereafter conduct a millinery establishment at that place. We wish him much success in his new venture.

Col. F. H. Cameron, Inspector-General of the N. C. State Guard, gave the Sampson Light Infantry a call last week. The company was paraded at 2 P. M. and passed inspection in the grove at the college at 4 P. M. The boys made a fine appearance in their new uniforms and, no doubt passed a very satisfactory inspection.

Prof. W. M. Shaw, of Kenansville, County Superintendent of Duplin county, paid our section a call Tuesday. He has just closed a prosperous summer school at Kenansville and gives encouraging reports of the educational status of the county. He has secured assistance and will run his school on a large scale the ensuing year.

We are requested to say that the State Colored Normal School, at Plymouth, N. C., opens the 2nd of September. Peter W. Moore, a worthy colored man of this place, a graduate of Shaw University, Raleigh, is 1st assistant. He is doing a good work for his race in North Carolina in the way of education and merits their undivided esteem and support.

We were shown by Dr. A. H. Hoopes, one day this week, a fine solid shot, which was found imbedded in the center of a large stump on the rear corner of the old McKoy lot in front of Capt. Partrick's mill. It is probably a Revolutionary relic, and may have been shot into this tree by boaters of Cornwall's army which passed near here on its route from Wilmington to Yorktown.

In our issue of July 18th we stated that the comparative examination for the two free tuition students from this county for the Agricultural College would take place on Aug. 2nd. This date was changed by the executive committee to Sept. 2nd before it was even officially published. Therefore those wishing to stand should report here at that time.

Last Thursday the Clinton and Warsaw train ran over a track entirely of steel rails for the first time, which was a decided improvement for the comfort of the passengers. With the completion of laying steel rails the W. & W. Company also saw fit to furnish this road with first and second-class cars, separate. This was a thing which has been very much desired by our people, therefore we had cause to feel grateful to the company and proud of our road. But in the last few days, for some cause unknown to us, these cars have been removed and the combination car returned, which is no better than half of a second-class car, used for its proper purpose, while the other half is promoted to first class usage. Our place and our people deserve something better than this, and we hope the company will so recognize our rights.

S. S. Conference.

The Sunday School Conference for the Sampson Circuit will be held at Concord Church Friday and Saturday before the fifth Sunday in September.

J. D. EZZELL, Pres.

The County's Finances.

The last Legislature put 15 cents on the poll and 5 cents on the \$1,000 worth of property to the State tax. This will necessarily reduce the county tax by that amount. We have just examined the books in the Register's office where he has made the distribution according to statute. The tax for only \$6,192.32, which is about \$2,900 less than last year; the State tax is \$5,193.19, which is about \$2,300 more than last year. If our commissioners succeed in running our county government with this reduced amount they will deserve great credit for their wisdom and economy, and especially in view of the fact that the per cent of paupers in the county is 230 per cent larger than last year.

Further on we find that the soldiers' pension bills for the county amount to \$918.11, which is raised by a tax of 3 cents on the \$100 worth of property and 9 cents on the poll. The most striking thing about the whole tax levy is the school tax. The white poll pays, \$3,650.70 colored " 1,359.77 White property " 2,528.05 Colored " 67.81 Therefore the total tax on the whites for public schools is \$6,178.84, while the total negro levy is only \$1,427.58, and not more than half of this amount will be collected on account of delinquency of insolventy. This will make the negroes pay \$700 dollars while at least half of the entire will be appropriated to their schools.

Warsaw Items.

Rev. Mr. Meeks closed an interesting revival at the Baptist church here on last Sunday. Monday he baptised 12 or 15 converts in Best's mill pond.

The Warsaw High School is flourishing under the principalship of Mr. A. H. Merritt, Jr., of Wake Forest. There are 60 pupils enrolled. Miss Frankie Hines of Faison is the assistant teacher.

A negro excursion of 14 crowded cars of the order of the "good Samaritans" passed up Monday from Wilmington to Halifax. The crowd was extremely boisterous and unruly. They took by force benches that were on the platform here for sale. At Halifax they robbed an old negro of his barbeque which he had prepared to sell them. A policeman interfered, when one of the negro excursionist shot at him. In fact the mob became so insulting and dangerous that the Weldon military company was wired for and came down to protect the citizens.

There are two cases of typhoid fever in town: Misses Nellie Johnson and Ozella Woodward. The latter has been sick 31 days but is now better.

The contracts for the new Methodist church and rebuilding of the Presbyterian church are let out to C. F. Rogers and work on them will soon commence.

Miss Lillie McIntyre our telegraph operator has returned from a two weeks vacation.

Mr. Willie Hill one of our large farmers has a fine crop this year, and but very little of it is cotton. He is turning his attention to small grain, German millit, peas, corn and stock raising. He says it will not pay to buy guano and raise cotton.

Re-Union of the Confederate Soldiers of Sampson County at Clinton on Saturday, the 17th of September Next.

All Confederate soldiers of Sampson county, of each and every company, or detachment, whether residing in or out of the county, are invited and requested to meet in Clinton on Saturday, the 17th of September. The officers and non-commissioned officers of each company are requested to see that this notice reaches each member of their command.

PROGRAMME: Re-organization of companies by commanding officers from 10 to 11 o'clock. All detached soldiers are requested to report, on arrival, to Dr. R. H. Holliday for assignment in the parade. Parade at 11 A. M. Permanent organization of Veterans' Association at 11:30 A. M. Speaking at 2 P. M.

DR. R. H. HOLLIDAY, CAPT. O. L. CHESNEY, CAPT. J. H. ROBINSON, JOSEPH POPE, J. L. PIGFORD, Committee.

NOTICE.

To the Sampson County Agricultural Society.

At the last regular meeting of the Agricultural Society it was decided to hold a Fair for the citizens of Clinton would subscribe as much as \$200 to be expended in putting the Fair Grounds and buildings in repair. More than this amount has been subscribed, showing that it is desired that we hold a Fair. Therefore the members of the Society will meet here on Monday next to hear the reports of the committee, and to take definite steps toward holding a Fair or leasing the Grounds to parties who will hold it.

All Through the County.

What Sampsonians are Doing and Saying.

Send us the news from your township for this column. Every subscriber to THE CAUCASIAN has a right and is requested to contribute items of news in his or her neighborhood for this column. We will not publish your name unless you desire it.

PINEY GROVE.

Mr. A. M. Barbrey, formerly Principal of Goshen High School, has opened a ten month school at Higgins Academy.

Just over the edge of this township, at Wright's Meadow, in Duplin county, a pleasant picnic was held last Friday.

A little son of Mr. Henry Sasser was thrown from a horse and received a bad cut on the lip and chin by being stepped on by the horse. Dr. Faison being present, was called at once and dressed the wound, which is not considered dangerous.

Mr. John Martin has a large field of very fine cotton. He used only enough guano to roll the seed. He will not use any next year.

We have had fine weather to save fodder for the last week. Most farmers in this section are done.

Goshen High School opened with 72 pupils, it now numbers 87.

The young men met last Friday night and organized a Philanthropic Literary Society for the benefit of the young men in school. The young ladies of the school are to meet soon and organize a reading circle.

Mr. A. M. Barbrey opened school last Monday at the Higgins school house.

We were glad to see Bro. Jerome at his appointment at Goshen again last 3rd Sunday. He preached the funeral of E. M. Wilson who died last January.

The protracted meeting at Goshen will begin 1st Sunday in Sept. The Clinton Church Sunday School Conference will convene at Keener's Chapel Friday Sept. 27th. Hope to see all the Sunday Schools represented.

Miss Hettie Darden of Cumberland county who has been visiting relatives in this section has returned home.

Mr. W. R. Sutton has had the site of his future residence tramped out.

Dr. Godwin of Wilson has located in this vicinity of Goshen for the practice of his profession.

Goshen church has 86 members by the name of Sutton and 30 by the name of King—116 members of the two family names. We venture to say that no church in the state can beat this.

HONEYCUTT.

Mr. Richard Turlington has some as good cotton as there is in the township. He used no guano.

HALLS.

Mr. J. H. McCullen has probably the finest corn in this section of the county. He has also a fine cotton crop. He used very little guano this year and will use less next. He says a farmer must raise stock and make his own fertilizer if he expects to succeed.

Mr. R. W. Weeks has a new variety of cotton. The stalk, leaves and bolls are much larger than that usually planted by our farmers. We measured one of the leaves which was 24 inches across and the stalk on which it grew was at least six feet in diameter.

LISBON.

John Williams, colored, killed a hen last Monday evening that measured six feet from tip to tip. From bill to feet he measured four feet four inches.

FRANKLIN.

Mrs. E. V. Page set a hen on fifteen eggs and in one week after she hatched three chickens, in two weeks she hatched twelve more. How is this to be explained?

MINGO.

Mr. Jesse Farmer has cotton eight feet high. He has the best crop he has had in years, and will make near seven bales of cotton and a hundred barrels of corn. He had no help but his little girl in making his crop.

Rev. J. O. Tew held several days meeting at Mt. Elean Baptist church last week. Twenty-one members were received into the church.

NEWTON GROVE.

The old people of this section say that they will be glad when the last picnic is over.

Miss Katie Williams of Dismal is visiting friends and relatives of this section.

Miss Stella Cooper of Kenansville is spending several weeks with her brother, Geo. Cooper, of Newton Grove.

A protracted meeting was held at Canaan last week conducted by Rev. F. R. Underwood, assisted by Rev. T. L. Newton.

Our neighborhood is being improved very much by new dwellings. Several will be erected this fall. Glenwood School is doing well, with sixty five pupils in attendance.

McDANIELS.

Personal.

Mr. J. B. Stewart leaves this evening for Wake Forest College.

Miss P. Ma McNeil left last Monday evening to visit relatives in Goldsboro.

Attorney H. E. Faison was in Wilmington, on professional business, Tuesday.

Misses Carrie McNease and Hattie Sistrub of Goldsboro are visiting Mrs. W. Stevens.

Miss Lois Anderson is back again from South Carolina, where she has been spending the summer.

Mr. Julian Lewis who has been confined with fever for several weeks is at his post again at Mrs. Peterson's.

Mr. J. T. Murphy is home from Washington spending his annual vacation of thirty days in Clinton.

We are glad to hear that Miss Michel Gethers who has been quite sick with typhoid fever is improving.

Mr. A. A. Butler left Tuesday for Bethel Hill, special preparatory school, in Person county, he will matriculate at Wake Forest at the beginning of the Spring term.

Miss Sadie Faison has returned from her European tour and will be at her post as teacher of art in the Clinton Female Institute, at the opening of the school on Wednesday next.

Mr. W. G. Rackley, one of our large and successful merchants, left Monday for the Northern market, where he will purchase his full stock of goods. Watch for his new ad! when he returns.

Mr. W. J. Butler, who has been successfully engaged in organizing Farmers' Alliance in the western part of the State, is home on account of ill health. He paid us a pleasant call last week.

LITTLE CHARGE.

Hayne High School number fifty two at this writing.

Married at the residence of Dickson Sessions, on the 24th inst., Mr. Duncan Matthis and Miss Lucy Sessions.

Hayne High School was addressed last Friday evening by Prof. F. E. McKinzie.

We are pleased to learn that Mr. Leonides Cooper is quite sick with typhoid fever.

The Jeffersonian Literary Society of Hayne Academy met on last Friday night and reorganized, and changed the name of the society to Hayne Literary Society, and elected the following officers, President Barton Bellard, Vice-President G. W. Bellard, Secretary A. R. Harris, Treasurer, C. H. Hall.

The protracted meeting will convene at Bethel on the second Sunday in Sept. conducted by Revs. J. E. Bristowe, Owen Spill and others. "BLACKSMITH."

Magnolia Blooms.

Master Loyd Merrimon the 14 year old son of Mr. R. P. Hamblin, had the misfortune to break his left arm Sunday. He was practicing on a horizontal bar and fell off.

Miss Lena Montfort of Kenansville is visiting Mrs. S. D. Farrior. She will soon make Baltimore her home.

A party of our young people attended a picnic at "Beasley" Saturday. They report having a nice time. We could not go but got some of the dinner all the same.

Arrangements have been made with the R. R. Co., for transportation of a show which will exhibit here Sept. the 12th.

Mr. Fred Pickett has accepted a position with the "Floating gang" of W. W. R. Co.

Mrs. Jas. G. Kenan passed through our town Saturday enroute to Kenansville. She has just returned from Europe and other foreign countries.

We learn from Mr. N. Batts, of Wallace, that while the farmers all over the country complain of bad crops, his crop of corn is as good if not better than at any previous year.

Mr. Batts is a farmer who buys no guano, western seeds, or corn, and we recommend him as a model farmer.

Glenwood Items.

Mr. Editor: As I never see anything from this section of the country in your valuable paper I will endeavor to give you a few dots from here. Glenwood Academy situated in Johnston county just across the Sampson line and as much a Sampson as a Johnston school, has upward of 60 pupils. Prof. R. C. Craven, the principal, is assisted by Mrs. Craven who is teaching in the primary department.

Mr. John Barefoot one of the students at Glenwood met with a painful accident a few days since, while at play, by getting his collar bone broken. Dr. J. H. Benton attended him and he is now doing well. Hope he will soon be at school again.

Crops in this section are fine, corn especially. Fodder pulling is in the order of the day and we are having some fine weather for it.

The Rev. F. R. Underwood commenced a meeting of several days at Canaan Baptist church last Saturday Aug. 17th.

NEW BARBER SHOP.
 When you wish an easy shave, As good as barber ever gave, Just call on me at my saloon At morning, eve or noon; I cut and dress the hair with grace, To suit the contour of the face. My room is neat and towels clean, Scissors sharp and razors keen, And everything I think you'll find; To suit the face and please the mind, And all my art and skill can do. If you just call, I'll do for you.
PAUL SHERRARD.
 The Clinton Barber.

THE CAUCASIAN.

CLINTON, N. C.,—AUG. 29, 1889.
 OUR GIRLS.
 Two Things Needful.

Women are awakening to the fact that they have permitted their intellectual faculties to lie dormant and have willingly remained in intellectual bondage. It is only about twenty years since the first woman's college appeared in the land. As a gauge of the difference between feminine and masculine mental training, contrast the hundreds and thousands of young men who go to college to the one young woman. The son of the family goes to college as a matter of course; the young woman of the family after great discussion and consultation. How much oftener is she sent to some inferior school, where, instead of a broad, thorough collegiate training, she is content with a smattering of many things and a general finishing-off process! Many young women of the present day, after leaving school, glean a sort of aftermath of information and culture which stands them in good stead; but the reason we have not Shakespeares, Bacon's, Humes, and Carlyles among women is not because they have not intellectual caliber, but because women, having been held in domestic bondage, which is now in a measure cast off, voluntarily remain in somewhat the same condition. We most firmly believe that the body is all the more sound and healthy if it is the abode of a sound mind, and that much of the non-adjustment of physical force found in our homes, especially among the daughters, is due to the fact that the powers of their minds are not properly developed and trained. A strong will, an absorbing purpose, a high literary or artistic pursuit, exalt the spirit, and displace the dyspepsia, imperfect circulation, which breed hysteria, melancholy, and hypochondria, pass into oblivion in consequence.

It is not the custom for women to take physical exercises as men do. There is a beginning—awakening in this respect, but muscle received by no means the same worshipful attention from women as from men. A man with an iron biceps is proud of it. To him it is an emblem of strength and power. Only now and then a rare woman possesses anything more than a flabby, ill-developed biceps. The physical repression of women begins in the early childhood and is continued throughout life. A young woman whom we know, and who is striving after some little muscular culture attempted to remove from its place a heavy standard lamp of wrought iron. She could scarcely stir it, and an athletic young relative, prompted by courtesy, hastened to her assistance, but she declined his aid, vexed with herself at having so little muscular ability. Putting forth all her strength, she at length brought the lamp to the desired position. Every day she carried the lamp from one place to another, as the occasion arose for it, and in five days she found she could easily carry the lamp in one hand, and if she wished, hold it at arm's length. Her muscles were ready to respond to even an irregular effort to educate them. How few women can open a car window! The frantic, futile, puny striving avails nothing, except to enlist a man's sympathy and muscle in the contest. The popular notion which assigns all the physical strength to the man and expects next to none of the woman, does the latter a great physical injustice. It is exercise which is needed to secure proper circulation, proper nutrition, and consequent building up of tissues which are the component parts of a healthy body.
 G. Peekam, M. D.

Deafness Can Be Cured by local application, as they cannot reach the diseased portion of the ear. There is only one way to cure Deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube gets inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed Deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucous surface.

We will give One Hundred Dollars for any case of Deafness (caused by Catarrh) that we can not cure by taking Hall's Catarrh Cure. Send for circulars, free.
 F. J. CHENEY & CO.,
 Proprietors, Toledo, Ohio.
 Sold by all Druggists, 75c.

For a gentleman who has retired from office to private life, Grover Cleveland attracts a good deal of attention. He has an interesting personality that doesn't depend upon official station. Ditto Mrs. Cleveland.

THAT HACKING COUGH can be so quickly cured by Shiloh's Cure. We guarantee it. For sale by R. H. HOLLIDAY, Druggist, Clinton, N. C.

A KISS IN THE DARK.

Horace Vernet, the artist, was going from Versailles to Paris by railway. In the same compartment with him were two ladies whom he had never seen before, but who were evidently acquainted with him. They examined him minutely, and commented freely on his martial bearing, his hale old age, the style of his dress, etc. They continued their annoyance until finally the painter determined to put an end to the persecution. As the train passed through the tunnel of St. Cloud the three travelers were wrapped in complete darkness. Vernet raised the back of his hand to his mouth and kissed it twice violently. On emerging from the obscurity he found that the ladies had withdrawn their attention from him, and were accusing each other of having been kissed by a man in the dark. Presently they arrived in Paris, and Vernet, on leaving them, said: "Ladies, I shall be puzzled all my life by the inquiry, which of these two ladies kissed me?"—St. Louis Republican.

B. B. B. Botanic Blood Balm.
 If you try this remedy you will say as many others have said, that it is the best blood purifier and tonic. Write Blood Balm Co., Atlanta, Ga., for book of convincing testimony.
 J. P. Davis, Atlanta, Ga. (West End), writes: "I consider that B. B. B. has permanently cured me of rheumatism and sciatica."
 R. R. Sauter, Athens, Ga., says: "B. B. B. cured me of an ulcer that had resisted all other treatment."
 E. G. Tinsley, Columbiana, Ala., writes: "My mother and sister had ulcerated sores on throat and scrofula. B. B. B. cured them."
 Jacob F. Sponcer, Newnan, Ga., writes: "B. B. B. entirely cured me of rheumatism in my shoulders. I used six bottles."
 Chas. Reinhardt, No. 2926 Fountain Street, Baltimore, Md., writes: "I suffered with bleeding piles two years, and am glad to say that one bottle of B. B. B. cured me."
 J. J. Hardy, Toxoca, Ga., writes: "B. B. B. is a quick cure for flatulency. Three bottles cured me. I had been troubled several years."
 A. Spink, Atlanta, Ga., says: "One bottle of B. B. B. completely cured my child of eczema."
 W. A. Pepper, Phenix, Ala., writes: "B. B. B. cured my mother of ulcerated sore throat."

PIKE'S PEAK.
 A correspondent, who climbed to the top of Pike's Peak one July day, found the signal service officer melting snow for his water supply, the only one he gets. The officer said: "Some times I stand at the window with my telescope. The wind without is keen and cutting as a knife. I can see the houses of Colorado Springs, twenty miles away, the visitors sitting in their shirt-sleeves, sipping iced drinks to keep cool and the ladies walking about in white summer robes. I lower the glass, the summer scene is gone. Green trees, animal life, men and women fade away like creatures in a dream, and I am the only living thing in a world of eternal ice and snow and silence."—News and Observer.

CONSUMPTION SURELY CURED.
 TO THE EDITOR.—Please inform your readers that I have a positive remedy for the above named disease. By its timely use thousands of hopeless cases have been permanently cured. I shall be glad to send two bottles of my remedy FREE to any of your readers who have consumption if they will send me their express and post office address. Respectfully,
 T. A. SLOCUM, M. C.,
 181 Pearl St., New York
